

Ref.No-SKBU/LIB/E-CONTENTS/COV-4/20

Date: 23.05.2020

Notice

In the ensuing lock-down period due to prevailing situation created by COVID 19 we have been forced to change our work style, lifestyle. According to experts from around the world, including the WHO, we have to live with Corona from now on.

We also need to take a new approach to technology use in the library.

In this long period of lockdown, we have been running our students' online library services. To provide this service, we have opened a WhatsApp group and a Telegram group for the time being. In collaboration with the "Sammilita Granthagar O Peshajibi Mancha" I have been providing library services from that group. Right now, 439 students and teachers have registered in these two groups.

Looking at the value of the e-contents given the requisite, you have an intense desire for knowledge and an intellectual standard. I am amazed and proud to see this. So I have given the responsibility of this group to Dip Kumar Kirtaniya, a researcher in the library and information science, department of Calcutta University and a library worker in the Secretariat Library of the Government of West Bengal.

So libraries closed, but librarians not. So those who have not yet joined this group, they install the Telegram app from the Google Play Store. Join this invited link https://t.me/joinchat/SiFpk1M_VIPpuN6dsk4hHA. The whole world will fall into your hands. If PDF of your desired book is available you will get it. To date, we have sent over one lakh e-contents to your friends with PDFs and links.

So add yourself to this group today and make your mobile a library.

Everyone will be careful with protection.

Stay Home with Books & stay blessed.

Sd/-

Pranab Kumar Hazra

Librarian, SKBU, Purulia.
